

Morris United Methodist Church, located in the small rural community of Morris, Oklahoma, USA is part of the Oklahoma Conference and The Advance, the designated giving program of The United Methodist Church. The members and Rev. Judy Conner welcomed My Heart's Appeal (MHA); also an Advance Project #3022086, on October 11, 2015.

Lovetie Major shared a moving testimony of how MHA is reaching out into the communities in Liberia, West Africa, sharing God's Love by providing services to children marginalized in society because of an extra chromosome that makes them look different.

Mrs. Major also shared the journey of the fundraising goal for the land fund drive, but knew in her heart that that goal had been reached through faith. She told of how the MHA campus community, when built, will have a Chapel where parents can bring their children to a place where they can feel loved and appreciated in a welcoming environment.

We are humbled to announce that Morris United Methodist Church championed the cause for our fundraising Phase Two: Building Fund Drive. They collected an extraordinarily amount of \$1,380.00 on that Sunday beginning the fund drive for the Chapel Complex.
