

“CONCEPT” OF MHA CAMPUS SETTINGS

View showing the two-story student dormitory on the right, with the teacher's duplex housing visible to the left. Agriculture gardens and animal husbandry areas can also be seen beyond. All are organized around open space for recreation and community gatherings.

The teacher's housing consists of duplexes organized as a neighborhood.

The school Chapel is located on the front edge of the campus to welcome visitors. Behind the Chapel to the right is the Student Training Center which includes classroom and workshops. The teacher's duplex housing and agricultural fields are beyond. All campus building share the same architectural materials and vocabulary so that they are instantly recognizable as one community.
