

Name: **COMFORT**

Date of Birth: April 18, 1978

Age: 43

Disability: Down syndrome

About me:

People in the community always mock and laugh at me.

My mother cares about me, but my father does not.

I like working with others. It makes me happy.

I want to be like Lovetie Major, who works with disabled children.

My family do not want the community to treat me like an outcast. My mother is a care giver and encourages

me to do the same. I like washing clothes, cleaning up and cooking.
