

**MHA CTM-Vocational Hub
May - June, 2021**

Leaking Building Flat Roof

Goal: To have four buildings under one main roof (Annex, Vocational, Multi-purpose and Commercial Hub)

Restructuring building to measure up with the new proposed high roof to eliminate future water leakage

Roof Assessments

Building Materials to begin Repairs

My Heart's Appeal, Inc.

Wood Treatment

Annex

Vocational

**Two buildings connected with a gutter.
Goal: To make one roof**

Annex wall elevation
for new proposed roof

Projected Roof Height over
Annex and Vocational Buildings

The Square

**Closing area because of
constant water into the
square and Annex Building**

Multi-purpose

The
Square

The Square
Covered

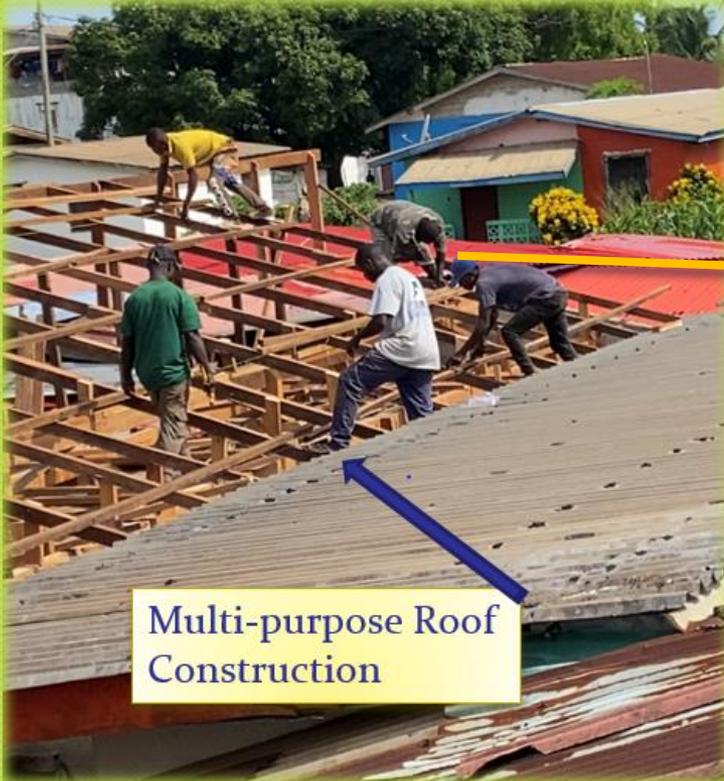

The Tower

500 gallon plastic water tank

Building
Water Source

Multi-purpose Roof Construction

500 gallon plastic water tank

Inside & Outside Back Fence Wall Reinforcement

Back Fence Wall Reinforcement
